

Report to Partnership Meeting 10 November 2023

FINANCE

Revenue Budget Monitoring Report – 1 April 2023 to 30 September 2023

SUMMARY

This report sets out the revenue monitoring position for the period to 30 September 2023 and the projected year end position.

1. Current Position

- 1.1 The annual budget is as approved at the Board Meeting held on 4 February 2023. The budget also includes income from Highland Council, as part of the Inverness City Active Travel Network Programme, and income contributions for research and strategy development work.
- 1.2 The attached summary statement shows the financial position to 30 September 2023. The variance to budget to date is a £1.463k overspend, this is due to time differences mainly with income. It is expected the year end position will remain at breakeven.

2. Year End Projection

- 2.1 The year-to-date actual figures represent the transactions for the six months ended 30 September 2023. Despite the overspend showing at present, officers are not aware of any anomalies that will distort the overall financial position.
- 2.2 Board Members will note that based on the financial performance to date, it is predicted that at the end of the financial year there will be a small overspend of £7.8k which relates to some remaining costs for the PAVe project that finished in February and therefore all the income was in 2022/23. This will be funded by reserves which were £64k at the end of 2022/23, this would bring them down to £56k at the end of the year.
- 2.3 Due to the change in legislation Regional Transport Partnerships can now hold a General Fund Reserve, therefore any under or overspend will be credited to the Reserve. Any overspends will continue to be proportionately levied on the Constituent Local Authorities.

3. Major Issues and Variances

- 3.1 The main variance is due to income for projects which hasn't been received from partners yet. The budget has been phased all at the start of the year when, in reality the income will come in towards the end of the project or during the year when the claims are due to be made.

- 3.2 2022/23 grant monies are still due for FASTER, eHUBS, MOVE, G-Patra, Ruralities, SATE, and Regional Active Travel Fund and are in respect of the expenditure incurred on European projects and other active travel work. Grant monies will be received in the current year and will match expenditure incurred.
- 3.3 Staff budget currently looks to be on target to meet the annual budget.
- 3.4 Variances on European Projects are due to the budget being all within the European and Other Project Salary costs line, where the actuals are split over the relevant project.

4. Recommendation

- 4.1 Board Members are asked to approve the above information as well as the attached schedule showing the revenue monitoring position for the period to 30 September 2023.
