

HITRANS

Guide to information available through our Publication Scheme

The Freedom of Information (Scotland) Act 2002 (the Act) requires Scottish public authorities to produce and maintain a publication scheme. Authorities are under a legal obligation to:

- publish the classes of information that they make routinely available;
- tell the public how to access the information and what it might cost.

HITRANS has adopted the **The Model Publication Scheme 2017** produced by the Scottish Information Commissioner.

The Model Publication Scheme 2017 is available here:

<http://www.itspublicknowledge.info/ScottishPublicAuthorities/PublicationSchemes/TheModelPublicationScheme.aspx>

The purpose of this Guide to Information is to:

- allow the public to see what information is available (and what is not available) in relation to each class;
- state what charges may be applied;
- explain how to find the information easily;
- provide contact details for enquiries and to get help with accessing the information;
- explain how to request information we hold that has not been published.

Availability and formats

The information we publish through the model scheme is, wherever possible, available on our website. We offer alternative arrangements for people who do not want to, or cannot, access the information online or by inspection at our premises. For example, we can usually arrange to send information to you in paper copy (although there may be a charge for this).

Exempt information

HITRANS's aim is to be as open as possible. However, the Act permits a limited number of exemptions from the requirement to disclose information.

There may be some circumstances where it is necessary to withhold information from any of the classes of information set out in this scheme where we consider that

disclosure, for example, may prejudice law enforcement or legal proceedings, may be exempt or where the disclosure is otherwise prohibited by law.

We may also withhold information that may prejudice the commercial interests or confidentiality of any person or organisation and information which is personal information under the Data Protection Act 1998.

In these cases we will withhold the information and indicate why the information is being withheld.

Copyright

Information obtained from this publication scheme generally can be copied or reproduced without formal permission from HITRANS, provided it is copied and reproduced accurately and is not used in a misleading, defamatory or prejudicial context and provided you identify the source of the material and HITRANS's copyright status is acknowledged.

Please note that any of the material published in terms of this publication scheme remains the copyright © of HITRANS unless otherwise stated. Commercial exploitation or reproduction of this material is prohibited. Any requests concerning the publication of material on a commercial basis should be made in writing.

Some of the material available by virtue of the publication scheme may be subject to third party copyright. You should seek the consent of the copyright owner if you wish to reproduce any of this information.

Some works produced by the government qualify for Crown copyright protection which means that some of these materials can be reproduced without a licence. More details of these categories can be found at:

<http://www.opsi.gov.uk/advice/crown-copyright/copyright-guidance/index.htm>

Any Ordnance Survey mapping included within any material reproduced as part of the publication scheme is provided to HITRANS under a licence from Ordnance Survey and which is being provided as part of the Publication Scheme in order to fulfil its public function. If using material with Ordnance Survey material within the documents you should contact Ordnance Survey to obtain advice on such use. Ordnance Survey's website is:

<http://www.ordnancesurvey.co.uk>

HITRANS will not provide Ordnance Survey mapping in any format that would mean that this would infringe its licence and will not provide Ordnance Survey mapping in digital format.

Accessing Information not included in the Publication Scheme

As indicated, this scheme lists the information that is or will be routinely made available. However, members of the public have further rights that enable them to access information from HITRANS.

Since 1 January, 2005, members of the public have had the right to access information from Scottish Public Authorities (Section 1 of the Act). On 3 April, 2006, HITRANS was designated as a Scottish Public Authority. Therefore, members of the public have the right to access information held by HITRANS or held on behalf of HITRANS subject to certain exceptions and conditions.

The process for obtaining information under section 1 of the Act (Freedom of Information request) is different than obtaining information under the publication scheme.

Before submitting a Freedom of Information request you should check our website as HITRANS places a large amount of information on the website.

However, if you wish to submit a Freedom of Information request, the request must be in writing or in some other permanent recordable form such as an e-mail. The request should:

- Describe the information requested;
- State an address for correspondence;
- Preferably provide a contact number (in case we need to contact you to clarify the information requested);
- State the format in which you would wish to receive the information.

HITRANS wishes to assist applicants and therefore we may contact you to clarify the exact nature of the information requested or to discuss the format of the information with you.

Our staff who are responsible for this scheme would be happy to assist you if you wish to contact them with any requests.

Charges

This section explains when we may make a charge for our publications and how any charge will be calculated. There is no charge to view information on our website or at our premises.
