Revenue Budget Monitoring Report – 1 April 2025 to 31 December 2025

SUMMARY

This report sets out the revenue monitoring position for the period to 31 December 2025 and the projected year end position.

1. Current Position

- 1.1 The annual budget is as approved at the Board Meeting held on 7 February 2025. The budget also includes income from Highland Council, as part of the Inverness City Active Travel Network Programme, and income contributions for research and strategy development work.
- 1.2 The attached summary statement shows the financial position to 31 December 2025. The variance to budget to date is a £0.098m overspend, which is due to time differences mainly with income.

2. Year End Projection

- 2.1 The year-to-date actual figures represent the transactions for the nine months ended 31 December 2025. Despite the overspend showing at present, officers are not aware of any anomalies that will distort the overall financial position.
- 2.2 Board Members will note that based on the financial performance to date, it is predicted that at the end of the financial year there will be a surplus of £0.062m.
- 2.3 Due to the change in legislation Regional Transport Partnerships can now hold a General Fund Reserve, therefore any under or overspend will be credited to the Reserve. Any overspends will continue to be proportionately levied on the Constituent Local Authorities.

3. Major Issues and Variances

- 3.1 The main variance is due to income for projects which hasn't been received from partners yet. The budgets for these projects have been profiled mostly pro rata, however timing issues between expenditure being incurred and income being received will result in variances. For some projects, income may not be received until the end of the financial year but, where this is known, the budgets to date have been adjusted accordingly.
- 3.2 The staff budget currently looks like it will be underspent by £84k due to vacancies.

4. Recommendation

- 4.1 Board Members are asked to approve the above information as well as the attached schedule showing the revenue monitoring position for the period to 31 December 2025.
